

Rebuilding After Bankruptcy: Seven Steps to a Better Future

Facing a dramatically different financial future after bankruptcy can be daunting. That's why half-million *Money in Motion* clients asked for more information about re-establishing their credit and finances after bankruptcy.

ACCE listened and responded by creating the post-filing education course, *Rebuilding After Bankruptcy: Seven Steps to a Better Future* (RAB). RAB reinforces and expands on the information in *Money in Motion*, ACCE's pre-filing education course. *Rebuilding After Bankruptcy* is a short course that breaks down the process of financial recovery into a step-by-step process clients can follow.

Rebuilding After Bankruptcy covers the following topics:

- Review your credit and credit report
- Create a cushion for emergencies
- Keep your accounts current
- Borrow small amounts and use credit carefully
- Use financial tools that help you get what you want
- Keep your finances in balance
- Protect your identity and credit

This online-only program can be automatically offered to clients when they finish *Money in Motion*, so your agency has another way to serve clients and earn revenue with little time and effort. You might consider bundling RAB with a credit report review and a counseling session. **To learn more about how you can offer *Rebuilding After Bankruptcy*, contact ACCE at acce@acce-online.com.**
